

Managing the whole organisation approach

Action Plan

Reflect on all that you have heard and discussed today and consider what you now need to do personally to support your organisation in developing a whole organisation approach for delivering functional skills.

Use this action plan to record your intentions.

What do you need to do?	What are the challenges?	What support do you need?	Who else needs to be involved?	By when could this be achieved?

Applying Whole Organisation Approaches to the management of functional skills
